

CITY OF LA CENTER, WASHINGTON
NOTICE of PUBLIC HEARING

Proposed Accessory Dwelling Unit Code
(File #: 2020-029-ZON/SEPA)

The La Center Planning Commission will conduct a public hearing on the proposed accessory dwelling unit (ADU) code to permit the construction of ADUs in all zones within the city where detached single-family residences are permitted. The proposed code would allow one ADU on each detached single-family residential lot within the City in conformance with certain development standards including minimum lot size, setbacks, minimum ADU size, height limits, architectural compatibility with the primary unit, and adequate parking. Although the City would permit ADUs on detached single-family residential lots if the new code is adopted, homeowners associations can prohibit ADUs through covenants, conditions, and restrictions (CCRs).

The hearing will be held on **Tuesday, November 10, 2020 beginning at 6:30 PM**. Due to the ongoing public health threat posed by COVID-19 and social distancing guidelines, the City has modified the hearing and public testimony procedures relating to this matter. **The hearing will be conducted online via GoToMeeting (a video conferencing service)**. Participants do not need internet access and can connect by phone.

The public is encouraged to provide written or oral testimony. **Directions for participating are included under the "Remote Hearing Attendance and Public Testimony" section below.**

Action: The Planning Commission will make a recommendation to the City Council on the proposed ADU code.

Location: The proposed ADU code would apply on all lots in zones where detached single-family residences are permitted.

Approval Criteria: La Center Municipal Code Chapter 18.30 (Procedures).

The proposed file may be examined on the City's Recent Land Use page at http://www.ci.lacenter.wa.us/city_departments/pw_landuse.php; The city contact person and telephone number for any questions on this review is Sarah Dollar, Permit Technician, 360.263.7665.
