Dear Kevin

Thank you for contacting KWRL with regards to the proposed Riverside Estates development in La Center, WA.

The proposed development would be outside of the safe walking zone for La Center School District students and thus KWRL has begun developing route plans to service this development. KWRL will be providing home to school and school to home transportation for students that will live within the Riverside Estates development.

Please feel free to call should you have any additional questions or need additional information about transportation services for the La Center School District.

Sincerely

Shannon Barnett

KWRL Transportation Cooperative Director
