

## LEGAL NOTICE REQUEST FOR COMPREHENSIVE PLAN AMENDMENTS

**Background:** The City of La Center is accepting applications for comprehensive plan and capital facilities plan amendments for calendar year 2022. Amendments to the comprehensive plan and capital facilities plan are allowable once per year under state law (RCW 36.70A.130[2]). Rather than adopting changes on a piecemeal basis, proposed amendments are consolidated into a single review cycle. Amendments may include changes to the comprehensive plan and capital facilities plan text or property-specific requests to amend the comprehensive plan map designation.

**Application Process and Deadlines:** Applicants for comprehensive plan amendments are required to submit an application for a pre-application conference. Application forms for pre-application conferences are available on the City's website at: <http://www.ci.lacenter.wa.us/forms/index.php>. Pre-application conference requests must be received by email to [sdollar@ci.lacenter.wa.us](mailto:sdollar@ci.lacenter.wa.us) by 5:00 p.m. on November 22, 2021 to be considered for review during the 2022 comprehensive plan update cycle. Proposals received after the deadline will be considered as part of the subsequent annual comprehensive plan update process in 2022.

Following the pre-application conference, the City will accept formal applications for comprehensive plan amendments under the following general schedule:

- Pre-application conferences for comprehensive plan amendments will be conducted in December, 2021.
- Formal applications for comprehensive plan amendments will be accepted in January, 2022.
- Between February and April, 2022, the comprehensive plan amendment requests will be heard by the planning commission.
- Between April and May, 2022, the planning commission decision on plan amendments shall be forwarded to the city council for final consideration.

The above timeline is advisory only and does not bind the City. For further information on the City's comprehensive plan amendment process, please see La Center Municipal Code chapter 18.120.

For any additional questions, please contact Sarah Dollar, La Center Community Development Department, at:

City of La Center
